

**We Think Outside The Box** Mercury's Specialized Fulfillment capabilities enable us to handle a wide variety of Unique, Complex, or Fast Turn projects other warehouses won't, or simply can't, accommodate into their standardized processes. We handle nationwide programs of Kitting, Warehousing, Pick-Pack and Project work integrated into our advanced e-commerce, accounting and inventory management systems.

MERCURY IS  
CERTIFIED/REGISTERED

**POINT OF DIFFERENCE**

- **RTG Solutions That Make a Difference:** Our ready to go marketing solutions include new product launch kits, hospital patient kits, grand opening kits, new home buyer kits, sales network training kits, safety, events and so much more.
- **Easy To Do Business With:** Our central warehouse location is right sized to accommodate virtually any fulfillment/packaging application of all your marketing materials.
- **Fast Turns:** Our Michigan location provides guaranteed delivery within 3 days to 90% of the population in the U.S. and Canada, resulting in faster delivery times and reduced freight costs to our clients. We also provide global service via our international network of warehouse partner facilities.
- **Quality Control:** Every project receives multiple quality control steps for order verification. We also offer real-time reporting, inventory control, web-based secure ordering, electronic order retrieval and inbound shipment verification.
- **Security:** Our secure facility has digital CCTV camera systems, secure web-based networking, alarmed doors, motion detectors and fenced security with dual lock system.
- **Technology Solutions:** Our eStore order management platform provides customized user-friendly store fronts for online ordering of Merchandise and/or Marketing Materials: Real-time inventory reporting, credit card processing, automated shipping notifications and order tracking – all at your fingertips 24/7.

**SERVICE CAPABILITIES**

Depending on particular needs, you can utilize any combination of Mercury's warehouse storage and/or fulfillment services, ongoing or on a project basis. We are extremely flexible and can handle project needs both large and small.
